

## New Journals from the Resource Centre for June 2012

The Resource Centre is open to the public Monday to Friday 9 am to 5 pm.

For a complete listing of items in our collection, as well as an extensive list of online materials in over 75 languages, please consult our online Resource Centre Catalogue at [http://www.alzheimertoronto.org/lib\\_onlineCatalogue.htm](http://www.alzheimertoronto.org/lib_onlineCatalogue.htm).

### NEW JOURNAL ISSUES AVAILABLE

The following journal issues have been published. For your convenience links to full abstracts are provided where available.

Please indicate which articles you would like to view and I will email/fax them to you as appropriate.

Please provide Journal title, issue number, pages & title for each article required.

## Alzheimer Disease and Associated Disorders

Vol 26 iss 2, April/June 2012

Abstracts available online at <http://journals.lww.com/alzheimerjournal/pages/currenttoc.aspx>

|     |                                                                                                                                                                                            |
|-----|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 101 | Central Obesity in the Elderly is Related to Late-onset Alzheimer Disease                                                                                                                  |
| 106 | Cardiovascular Risk Factors Cause Cortical Thinning in Cognitively Impaired Patients: Relationships Among Cardiovascular Risk Factors, White Matter Hyperintensities, and Cortical Atrophy |
| 113 | Greater Responsiveness to Donepezil in Alzheimer Patients With Higher Levels of Acetylcholinesterase Based on Attention Task Scores and a Donepezil PET Study                              |
| 119 | Three-week Nutritional Supplementation Effect on Long-term Nutritional Status of Patients With Mild Alzheimer Disease                                                                      |
| 124 | Using Mental Imagery to Improve Memory in Patients With Alzheimer Disease: Trouble Generating or Remembering the Mind's Eye?                                                               |
| 135 | Apolipoprotein E Polymorphism and Behavioral and Psychological Symptoms of Dementia in Patients With Alzheimer Disease                                                                     |
| 140 | Longitudinal Trajectories of Awareness in Early-stage Dementia                                                                                                                             |
| 148 | Marital Relationship Quality in Early-Stage Dementia: Perspectives From People With Dementia and Their Spouses                                                                             |
| 159 | Anticipatory Grief in New Family Caregivers of Persons With Mild Cognitive Impairment and Dementia                                                                                         |
| 166 | Health Care Utilization in Frontotemporal Lobar Degeneration                                                                                                                               |
| 171 | Willingness to Use Computerized Systems for the Diagnosis of Dementia: Testing a Theoretical Model in an Israeli Sample                                                                    |
| 179 | Recognition Memory and $\beta$ -amyloid Plaques in Adult Tg2576 Mice are not Modified After Oral Exposure to Aluminum                                                                      |
| 186 | Anomalous PiB enhancement in the Superior Sagittal and Transverse Venous Sinuses                                                                                                           |
| 191 | Prodromal Dementia With Lewy Bodies Manifesting as Sertraline-induced Parkinsonism: A Case Report                                                                                          |
| 194 | Suicide Risk in Frontotemporal Lobe Degeneration: To be Considered, to be Prevented                                                                                                        |

## Dementia & Geriatric Cognitive Disorders

Vol. 33, No. 4, 2012 (in progress)

Abstracts available online at

<http://content.karger.com/ProdukteDB/produkte.asp?Aktion=Ausgabe&Ausgabe=257034&ProduktNr=224226>

|     |                                                                                                                                                      |
|-----|------------------------------------------------------------------------------------------------------------------------------------------------------|
| 219 | Plasma Methionine Sulfoxide in Persons with Familial Alzheimer's Disease Mutations                                                                   |
| 226 | Prevalence and Correlates of Cognitive Impairment in Adults with Subjective Memory Complaints in Primary Care Centres                                |
| 233 | Factors Associated with Sustained Attention during an Activity Intervention in Persons with Dementia                                                 |
| 245 | Within-Session Practice Effects in Patients Referred for Suspected Dementia                                                                          |
| 250 | Lack of Genetic Association of the UCHL1 Gene with Alzheimer's Disease and Parkinson's Disease with Dementia                                         |
| 266 | Association between BDNF Polymorphism (Val66Met) and Executive Function in Patients with Amnesic Mild Cognitive Impairment or Mild Alzheimer Disease |
| 273 | Retrospective Survey of Prodromal Symptoms in Dementia with Lewy Bodies: Comparison with Alzheimer's Disease                                         |

## Journal of Geriatric Psychiatry & Neurology

Vol 25 iss 2, June 2012

Abstracts available online at <http://jgp.sagepub.com/content/current>

|     |                                                                                                                                  |
|-----|----------------------------------------------------------------------------------------------------------------------------------|
| 71  | The Frontal Assessment Battery as a Tool for Evaluation of Frontal Lobe Dysfunction in Patients With Parkinson Disease           |
| 78  | Validity of the Five-Word Test for the Evaluation of Verbal Episodic Memory and Dementia in a Memory Clinic Setting              |
| 85  | Comparison of 2 Dementia Screeners, the Test Your Memory Test and the Mini-Mental State Examination, in a Primary Care Setting   |
| 89  | Validity of a Brief Computerized Cognitive Screening Test in Dementia                                                            |
| 100 | Clinical Validity of the Mattis Dementia Rating Scale-2 in Parkinson Disease With MCI and Dementia                               |
| 107 | Differential Reports of Pain and Depression Differentiate Mild Cognitive Impairment From Cognitively Intact Elderly Participants |
| 113 | Psychosocial Interventions for Depression and Anxiety in Parkinson's Disease                                                     |
| 122 | The Effect of Ischemic Cholinergic Damage on Cognition in Patients With Subcortical Vascular Cognitive Impairment                |

|      |                                                                                                                                        |
|------|----------------------------------------------------------------------------------------------------------------------------------------|
| 1005 | Fall Prevention Using Olfactory Stimulation with Lavender Odor in Elderly Nursing Home Residents: A Randomized Controlled Trial        |
| 1012 | Methicillin-Resistant <i>Staphylococcus aureus</i> Burden in Nursing Homes Associated with Environmental Contamination of Common Areas |
| 1019 | Provider Views About Responsibility for Medication Adherence and Content of Physician–Older Patient Discussions                        |
| 1027 | Screening for Cognitive Impairment: Comparing the Performance of Four Instruments in Primary Care                                      |
| 1037 | Effect of Patient Perceptions on Dementia Screening in Primary Care                                                                    |
| 1044 | Identifying Indicators of Important Diagnostic Features of Delirium                                                                    |
| 1051 | An Effectiveness and Cost-Benefit Analysis of a Hospital-Based Discharge Transition Program for Elderly Medicare Recipients            |
| 1057 | Relationship Between Vitamin B12 and Sensory and Motor Peripheral Nerve Function in Older Adults                                       |
| 1064 | Celiac Disease in Elderly Adults: Clinical, Serological, and Histological Characteristics and the Effect of a Gluten-Free Diet         |
| 1070 | Population Burden of Long-Term Survivorship After Severe Sepsis in Older Americans                                                     |
| 1078 | Nurse Staffing and Postsurgical Outcomes in Black Adults                                                                               |
| 1085 | Routine Physical Activity and Mortality in Mexican Americans Aged 75 and Older                                                         |
| 1092 | Poor Sleep Quality and Functional Decline in Older Women                                                                               |
| 1099 | Effects of Sleep Apnea Syndrome on Delayed Memory and Executive Function in Elderly Adults                                             |
| 1104 | Nocturnal Hypokinesia and Sleep Quality in Parkinson's Disease                                                                         |
| 1109 | Effect of Guided Relaxation and Imagery on Falls Self-Efficacy: A Randomized Controlled Trial                                          |
| 1115 | Fall Prediction According to Nurses' Clinical Judgment: Differences Between Medical, Surgical, and Geriatric Wards                     |
| 1122 | Complications in Postacute Care Are Associated with Persistent Delirium                                                                |
| 1128 | Predicting Alzheimer's Disease: Neuropsychological Tests, Self-Reports, and Informant Reports of Cognitive Difficulties                |
| 1135 | Strikingly Low Prevalence of Atrial Fibrillation in Elderly Tanzanians                                                                 |
| 1141 | Palliative Care Teaching in Medical Residency: A Review of Two POGO-e Teaching Products                                                |
| 1145 | The Use of Clinical Decision-Support Tools to Facilitate Geriatric Education                                                           |
| 1150 | Addressing the Aging Crisis in U.S. Criminal Justice Health Care                                                                       |
| 1157 | Distance Coursework and Coaching to Improve Nursing Home Incontinence Care: Lessons Learned                                            |
| 1165 | National Institute on Aging at Middle Age—Its Past, Present, and Future                                                                |
| 1170 | Disseminated Herpes Zoster in an Immunocompetent Host                                                                                  |
| 1170 | Benign Ovarian Cyst Presenting As a Huge Intraabdominal Mass in an Elderly Postmenopausal Woman                                        |
| 1172 | Early Esophageal Squamous Cell Carcinoma in a 100-Year-Old Woman (pages 1172–1173)                                                     |

|      |                                                                                                                                                                                               |
|------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1174 | Uncommon Diagnosis of Oral Kaposi's Sarcoma in an Elderly Human Immunodeficiency Virus–Seronegative Adult                                                                                     |
| 1175 | Age and Speech Production: A 50-Year Longitudinal Study                                                                                                                                       |
| 1177 | A Curious Case of <a href="#"><i>Lactobacillus casei</i></a> in a Prosthetic Joint: Was It the Yogurt?                                                                                        |
| 1178 | Waterborne Pathogen Treatment of Surgical Water in U.S. Hospitals: Negative Implications for Vulnerable Patient Populations (Elderly, Immunosuppressed, and Pediatric)                        |
| 1180 | Pilot Randomized Controlled Dosing Study of Cranberry Capsules for Reduction of Bacteriuria Plus Pyuria in Female Nursing Home Residents                                                      |
| 1181 | Comparison of Chronic Kidney Disease (CKD) Epidemiology Formula with Other Calculated Creatinine Formulas for the Determination of CKD in Cognitively Intact and Impaired Elderly Outpatients |
| 1183 | Time of Occurrence of In-Hospital Falls: A Systematic Mini Review                                                                                                                             |
| 1185 | The Effect of Exceptional Parental Longevity on Life Expectancy                                                                                                                               |
| 1185 | Pemphigus in Elderly Adults: Clinical Presentation, Treatment, and Prognosis                                                                                                                  |
| 1188 | Relationship Between Testosterone and Cognitive Function in Elderly Men with Dementia                                                                                                         |
| 1189 | Baseline Instrumental Activities of Daily Living and Incident Dementia                                                                                                                        |
| 1190 | Factors Associated with Prolonged Hospital Stay in a Geriatric Ward of a University Hospital in Japan                                                                                         |
| 1191 | Activities of Daily Living Rather Than Depressive Symptoms Increase the Risk of Mortality in Japanese Community-Dwelling Elderly People: A 4-Year Longitudinal Survey                         |
| 1193 | Hernioplasty in Elderly High-Risk Adults: Efficacy of Fibrin Glue                                                                                                                             |
