

## What's New in Journals:

The following journal issues have been published and can be accessed via the Alzheimer Toronto Resource Centre. For your convenience links to online abstracts or full text articles have been provided.

Please indicate which articles you would like to view – be sure to include journal title, issue number, pages & title for each article required.

For more information please contact: **Marg Cameron** 416-640-6320 [mcameron@alzheimertoronto.org](mailto:mcameron@alzheimertoronto.org)

### Alzheimer Disease & Associated Disorders

Vol 26 # 4 October – December 2012

**Full text articles available for FREE** online at <http://journals.lww.com/alzheimerjournal/pages/currenttoc.aspx>

- p. 295 Translating Current Knowledge into Dementia Prevention
- p. 300 Smoking, Death and Alzheimer disease: a case of competing risks
- p. 307 Prior Transient Ischemic Attack and Dementia After Subsequent Ischemic Stroke
- p. 314 Cerebrospinal Fluid Proteins Predict Longitudinal Hippocampal Degeneration in Early-Stage dementia of the Alzheimer Type
- p. 322 Cerebrospinal Fluid Cytokine Dynamics Differ Between Alzheimer Disease Patients and Elderly Controls
- p. 329 Plasma Levels of Complement 4a Protein are Increased in Alzheimer's Disease
- p. 335 Age-specific and Sex-specific Prevalence and Incidence of Mild Cognitive Impairment, Dementia, and Alzheimer Dementia in Blacks and Whites: A Report From the Einstein Aging Study
- p. 344 Subjective Cognitive Complaints of Older Adults at the Population Level: An Item Response Theory Analysis
- p. 352 Historical Changes in the Severity of Dementia and Accompanying Neuropsychiatric Symptoms in Persons Presenting for Evaluation in a Multiracial Urban Dementia Center
- p. 358 Scales for the Evaluation of End-of-Life Care in Advanced Dementia: Sensitivity to Change
- p. 364 Maternal Transmission of Alzheimer Disease

### Alzheimer Disease & Associated Disorders

Vol 26 # 3 July – September 2012

**Full text articles available for FREE** online at <http://journals.lww.com/alzheimerjournal/toc/2012/07000>

- p. 197 Predictive Factors for the Objective Burden of Informal Care in People With Dementia: A Systematic Review
- p. 205 Neuropathological Profile of Mild Cognitive Impairment from a Population Perspective
- p. 213 Alpha-synuclein in the Cerebrospinal Fluid Differentiates Synucleinopathies (Parkinson Disease, Dementia With Lewy Bodies, Multiple System Atrophy) From Alzheimer Disease
- p. 217 Regional Cerebral Blood Flow Abnormalities Associated With Apathy and Depression in Alzheimer Disease
- p. 225 The SIST-M: Predictive Validity of a Brief Structured Clinical Dementia Rating Interview
- p.232 Agreement on Diagnosis Among Patients, Companions, and Professionals After a Dementia Evaluation
- p. 238 Total Daily Activity Measured With Actigraphy and Motor Function in Community-dwelling Older Persons With and Without Dementia
- p. 246 CORDIAL: Cognitive Rehabilitation and Cognitive-behavioral Treatment for Early Dementia in Alzheimer Disease: A Multicenter, Randomized, Controlled Trial

- p. 254 Sources of Stress for Family Members of Nursing Home Residents With Advanced Dementia
- p. 260 The Influence of Chronic Stress on Dementia-related Diagnostic Change in Older Adults
- p. 267 Rapidly Progressive Dementia: Experience in a Tertiary Care Medical Center
- p. 272 Molecular Genetic Analysis of the APP, PSEN1, and PSEN2 Genes in Finnish Patients With Early-onset Alzheimer Disease and Frontotemporal Lobar Degeneration
- p. 277 1/NLRP1 Genetic Variants are Associated With Alzheimer Disease
- p. 282 Crossed Aphasia in a Dextral Patient With Logopenic/Phonological Variant of Primary Progressive Aphasia
- p. 285 Dystypia Without Aphasia Associated With Visuospatial Memory Impairment in a Patient With Acute Stroke
- p. 289 Long-standing Prion Dementia Manifesting as Posterior Cortical Atrophy

### **Alzheimer's & Dementia: journal of Alzheimer's Association**

Vol 9 #1, January 2013

Abstracts available online at <http://www.alzheimersanddementia.org/current>

- p. 1 The worldwide economic impact of dementia 2010
- p. 12 Apolipoprotein E genotype, dementia, and mortality in the oldest old: The 90+ Study
- p. 19 Dementia and out-of-pocket spending on health care services
- p. 30 Potentially avoidable hospitalizations among Medicare beneficiaries with Alzheimer's disease and related disorders
- p. 39 Improving Alzheimer's disease phase II clinical trials
- p. 50 Fire in the ashes: Can failed Alzheimer's disease drugs succeed with second chances?
- p. 58 The economics of mild cognitive impairment
- p. 63 The global prevalence of dementia: A systematic review and metaanalysis
- p. 76 Vascular disease and dementias: Paradigm shifts to drive research in new directions
- p. 93 Decreased gray matter diffusivity: A potential early Alzheimer's disease biomarker?

### **Alzheimer's & Dementia: journal of Alzheimer's Association**

Vol 8 #6, November 2012

Abstracts available online at <http://www.alzheimersanddementia.org/issues>

- p. 463 Risk of dementia in an elderly population of Parkinson's disease patients: A 15-year population-based study
- p. 470 No association between gain in body mass index across the life course and midlife cognitive function and cognitive reserve—The 1946 British birth cohort study
- p. 483 Cardiovascular risk factors, cortisol, and amyloid- $\beta$  deposition in Alzheimer's Disease Neuroimaging Initiative
- p. 490 Longitudinal modeling of cognitive aging and the *TOMM40* effect
- p. 496 Imaging brain amyloid in nondemented young adults with Down syndrome using Pittsburgh compound B
- p. 502 Global gray matter changes in posterior cortical atrophy: A serial imaging study
- p. 513 Greater regional brain atrophy rate in healthy elderly subjects with a history of cigarette smoking
- p. 520 Cerebrospinal fluid markers for Alzheimer's disease in a cognitively healthy cohort of young and old adults

- p. 528 Differential prediction of vascular dementia and Alzheimer's disease in nondemented older adults within 5 years of initial testing
- p. 536 A new informant-based questionnaire for instrumental activities of daily living in dementia
- p. 544 Computer-related self-efficacy and anxiety in older adults with and without mild cognitive impairment
- p. 553 Predictive validity and diagnostic stability of mild cognitive impairment subtypes
- p. 560 Comparison of International Working Group criteria and National Institute on Aging–Alzheimer's Association criteria for Alzheimer's disease
- p. 564 A model for improving the treatment and care of Alzheimer's disease patients through interdisciplinary research
- p. 574 Is Alzheimer's disease amyloidosis the result of a repair mechanism gone astray?
- p. 584 Review of selected databases of longitudinal aging studies
- p. 590 Association of environmental tobacco smoke with dementia and Alzheimer's disease among never smokers

### Alzheimer's & Dementia: journal of Alzheimer's Association

Vol 8 #5, September 2012

Abstracts available online at <http://www.alzheimersanddementia.org/issues>

- p. 379 NAPA 2.0: The next giant leap
- p. 381 A homopolymer polymorphism in the *TOMM40* gene contributes to cognitive performance in aging
- p. 389 Amyloid imaging in dementias with atypical presentation
- p. 399 Comparing new templates and atlas-based segmentations in the volumetric analysis of brain magnetic resonance images for diagnosing Alzheimer's disease
- p. 407 Safety profile of Alzheimer's disease populations in Alzheimer's Disease Neuroimaging Initiative and other 18-month studies
- p. 417 Vascular risk factors, apolipoprotein E, and hippocampal decline on magnetic resonance imaging over a 10-year follow-up
- p. 426 Analysis of case management programs for patients with dementia: A systematic review
- p. 437 Antihypertensive drug use and the risk of dementia in patients with diabetes mellitus
- p. 445 Advancing Alzheimer's disease diagnosis, treatment, and care: Recommendations from the Ware Invitational Summit
- p. 453 Impact of the Food and Drug Administration's antipsychotic black box warning on psychotropic drug prescribing in elderly patients with dementia in outpatient and office-based settings

### American Journal of Alzheimer's Disease & Other Dementias

Vol. 27 #8, December 2012

Abstracts available online at <http://aja.sagepub.com/content/current>

- p. 561 Family Caregiver Issues in Dementia: Dealing With Children
- p. 563 Alzheimer's Disease - Emerging New Potential Therapeutic Modalities
- p. 564 Direct Thrombin Inhibitors' Potential Efficacy in Alzheimer's Disease
- p. 568 Caring for Children of Parents With Frontotemporal Degeneration: A Report of the AFTD Task Force on Families With Children
- p. 579 Caring for a Loved One With Alzheimer's Disease: Views From the Population About Hiring a Health Care Advocate

- p. 584 "What's Wrong with Grandma?": Depictions of Alzheimer's Disease in Children's Storybooks
- p. 592 Clinical and Functional Assessment of Dysautonomia and Its Correlation in Alzheimer's Disease
- p. 600 Promoting Cognitive Health: A Web Site Review of Health Systems, Public Health Departments, and Senior Centers
- p. 609 Trends in Percutaneous Endoscopic Gastrostomy Placement in the Elderly From 1993 to 2003
- p. 614 Cognitive Profile of the Earliest Stage of Dementia in Parkinson's Disease
- p. 620 Clock Drawing Test in Elderly Individuals With Different Education Levels: Correlation With Clinical Dementia Rating
- p. 625 Effects of Animal-Assisted Therapy on Behavioral and/or Psychological Symptoms in Dementia: A Case Report
- p. 633 Predicting Attendance at Dementia Family Support Groups

## **American Journal of Alzheimer's Disease & Other Dementias**

Vol. 27 #7, November 2012

Abstracts available online at <http://aja.sagepub.com/content/27/7.toc>

- p. 461 New Assessment Scales and Care Strategies for the Dementia Patient
- p. 463 Taking Care of a Loved One Who Has Alzheimer's disease
- p. 468 Agitation and Psychosis Associated With Dementia With Lewy Bodies Exacerbated by Modafinil Use
- p. 474 A New Measure of Caregiver Burden in Alzheimer's Disease: The Caregiver-Perceived Burden Questionnaire
- p. 483 From Alzheimer's Disease Retrogenesis: A New Care Strategy for Patients With Advanced Dementia
- p. 490 An fMRI Study of Prefrontal Cortical Function in Subcortical Ischemic Vascular Cognitive Impairment
- p. 496 Gene–Environment Interaction in Alzheimer's Disease
- p. 504 Nutritional and Global Indexes of Progression in Dementia: A 12-Month Prospective Study
- p. 509 Identification, Emotional Reactions, and Perceived Threat to Persons With Alzheimer's Disease
- p. 520 Neuropsychological and Neuroimaging Markers in Early Versus Late-Onset Alzheimer's Disease
- p. 530 The Effects of Different Attentional Demands in the Identification of Emotional Facial Expressions in Alzheimer's Disease
- p. 537 Development of the Questionnaire on Palliative Care for Advanced Dementia (qPAD)

## **American Journal of Alzheimer's Disease & Other Dementias**

Vol. 27 #6, September 2012

Abstracts available online at <http://aja.sagepub.com/content/27/6.toc>

- p. 369 Tolerability of Medication Interventions
- p. 371 Contribution of Brain Imaging to the Understanding Of Gait Disorders in Alzheimer's Disease: A Systematic Review
- p. 381 Teleconferencing as a Source of Social Support for Older Spousal Caregivers: initial explorations and recommendations for future research
- p. 388 Toward a More Nuanced Perception of Alzheimer's Disease: Designing and Testing a Campaign Advertisement
- p. 397 Feasibility and Perception of the Impact From Aerobic Exercise in Older Adults With Alzheimer's Disease
- p. 406 The Effects of Evacuation on Nursing Home Residents With Dementia

- p. 413 Nonamnesic Presentations of Early-Onset Alzheimer's Disease
- p. 421 Subgroup Analysis of US and Non-US Patients in a Global Study of High-Dose Donepezil (23 mg) in Moderate and Severe Alzheimer's Disease
- p. 433 Stage-Specific Gender Differences in Cognitive and Neuropsychiatric Manifestations of Vascular Dementia
- p. 439 Impact of Fall-Related Behaviors as Risk Factors for Falls Among the Elderly Patients With Dementia in a Geriatric Facility in Japan

## **American Journal of Alzheimer's Disease & Other Dementias**

Vol. 27 #5, August 2012

Abstracts available online at <http://aja.sagepub.com/content/27/5.toc>

- p. 293 Issues in the Diagnosis and Management of Alzheimer's Disease
- p. 295 Funding Boost Is Weak Effort
- p. 296 Disease Modifying Drugs Targeting  $\beta$ -Amyloid
- p. 301 STAM Protocol in Dementia: A Multicenter, Single-Blind, Randomized, and Controlled Trial
- p. 311 Anticholinesterase-Induced Symptoms Improved by Pacemaker Implantation in Patients with Alzheimer's Disease: analysis of 6 cases
- p. 315 *APOE* Genotype in the Diagnosis of Alzheimer's Disease in Patients With Cognitive Impairment
- p. 321 Reorientation Deficits Are Associated With Amnesic Mild Cognitive Impairment
- p. 331 Development of an Instrument to Measure Attitudes of Physical Therapy Providers Working With People With Dementia
- p. 339 Anosognosia: Patients' Distress and Self-awareness of Deficits in Alzheimer's Disease
- p. 346 Validation of Noninvasive Body Sensor Network Technology in the Detection of Agitation in Dementia

## **Dementia: international journal of social research and practice**

Vol 12 #1, January 2013

Abstracts available online at <http://dem.sagepub.com/content/12/1.toc>

- p. 7 The role of the bilingual/bicultural worker in dementia education, support and care
- p. 23 Dementia research – what do different public groups want? A survey by the Scottish Dementia Clinical Research Network
- p. 29 Dementia skills for all: A core competency framework for the workforce in the United Kingdom
- p. 45 Trajectories of care: Spouses coping with changes related to mild cognitive impairment
- p. 63 Creating relationships with persons with moderate to severe dementia
- p. 81 Long-term effects of group therapy for patients with mild cognitive impairment and their significant others: A 6- to 8-month follow-up study
- p. 93 Education on physical restraint reduction in dementia care: A review of the literature
- p. 111 Ethical and effective: Approaches to residential care for people with dementia
- p. 123 Living alone with dementia
- p. 137 The ambiguous relationships between aging and Alzheimer's disease: A critical literature review

## **Dementia: international journal of social research and practice**

Vol 11 #6, November 2012

Abstracts available online at <http://dem.sagepub.com/content/11/6.toc>

- p. 709 'Dancing down memory lane': Circle dancing as a psychotherapeutic intervention in dementia—a pilot study
- p. 725 'The problem with Leonard': A critical constructionist view of need-driven dementia-compromised behaviours
- p. 743 Very long pathways to diagnosis among African Americans and Hispanics with memory and behavioral problems associated with dementia
- p. 765 Oxford Textbook of Old Age Psychiatry. Editors Robin Jacoby, Catherine Oppenheimer, Tom Dening and Alan Thomas
- p. 766 C.L. Clarke, H. Wilkinson, J. Keady and C.E. Gibb, Risk Assessment and Management for Living Well with Dementia
- p. 766 Anni Bowden and Nancy Lewthwaite, The Activity Year Book. A week by week guide for use in elderly day and residential care
- p. 767 Mike Livni, The Japanese Therapists: Another Alzheimer's

## **Dementia: international journal of social research and practice**

Vol 11 #5, September 2012

Abstracts available online at <http://dem.sagepub.com/content/11/5.toc>

- p. 569 Implementation of the validation method: Nurses' descriptions of caring relationships with residents with dementia disease
- p. 589 ProFamilies-dementia: A programme for elderly people with dementia and their families
- p. 597 I'm not all gone, I can still speak: The experiences of younger people with dementia. An action research study
- p. 617 The identification and detection of dementia and its correlates in a social services setting: Impact of a national policy in England
- p. 633 Art therapies and dementia care: A systematic review
- p. 657 Continuity and loss: The carer's journey through dementia
- p. 677 How older women who live alone with dementia make sense of their experiences: An interpretative phenomenological analysis
- p. 695 Empowering people with dementia: Rutherglen and Cambuslang Values History Project
- p. 699 The World Cup effect: Using football to engage men with dementia
- p. 703 The Kuranya/'Rainbow' service for indigenous Australians, in New South Wales: Innovative practice

## Dementia & Geriatric Disorders

Vol 34 # 5/6, January 2013

Abstracts available online at

<http://content.karger.com/ProdukteDB/produkte.asp?Aktion=Ausgabe&Ausgabe=257516&ProduktNr=224226>

- p. 263 Assessment of Dementia by a Primary Health Care Dementia Team Cooperating with the Family Doctor – The Norwegian Model
- p. 271 Prevalence of Mild Cognitive Impairment and Its Subtypes in the Mexican Population
- p. 282 Self-Reported Cognitive Decline on the Informant Questionnaire on Cognitive Decline in the Elderly Is Associated with Dementia, Instrumental Activities of Daily Living and Depression but Not Longitudinal Cognitive Change
- p. 292 Overdiagnosis of Dementia in Young Patients – A Nationwide Register-Based Study
- p. 300 Clinical Staging of Semantic Dementia in an FDG-PET Study Using FTLD-CDR
- p. 307 Analysis of Neuron-Specific Enolase and S100B as Biomarkers of Cognitive Decline Following Surgery in Older People
- p. 312 Spectroscopic Changes Associated with Mild Cognitive Impairment and Dementia in Parkinson's Disease
- p. 319 Prevalence of Neuropsychiatric Symptoms in Young-Onset Compared to Late-Onset Alzheimer's Disease – Part 1: Findings of the Two-Year Longitudinal NeedYD-Study
- p. 328 Application of the VSRAD, a Specific and Sensitive Voxel-Based Morphometry, to Comparison of Entorhinal Cortex Atrophy between Dementia with Lewy Bodies and Alzheimer's Disease
- p. 332 Application of the VSRAD, a Specific and Sensitive Voxel-Based Morphometry, to Comparison of Entorhinal Cortex Atrophy between Dementia with Lewy Bodies and Alzheimer's Disease
- p. 337 The Addenbrooke's Cognitive Examination Revised Is as Effective as the Original to Detect Dementia in a French-Speaking Population
- p. 344 Application of the PredictAD Software Tool to Predict Progression in Patients with Mild Cognitive Impairment
- p. 351 Emotional Reactivity to Film Material in Alzheimer's Disease
- p. 360 Factor Structure of the Geriatric Depression Scale and Relationships with Cognition and Function in Alzheimer's Disease

## Dementia & Geriatric Disorders

Vol 34 # 3/4, December 2012

Abstracts available online at

<http://content.karger.com/ProdukteDB/produkte.asp?Aktion=Ausgabe&Ausgabe=257408&ProduktNr=224226>

- p. 143 Role of Ventricular Rate Response on Dementia in Cognitively Impaired Elderly Subjects with Atrial Fibrillation: A 10-Year Study
- p. 149 Volumetric Brain Changes in Thalamus, Corpus Callosum and Medial Temporal Structures: Mild Alzheimer's Disease Compared with Amnesic Mild Cognitive Impairment
- p. 156 Neuropsychological Performance and Conversion to Alzheimer's Disease in Early- Compared to Late-Onset Amnesic Mild Cognitive Impairment: CREDOS Study
- p. 167 Rivastigmine Patch is affected by Apolipoprotein E Genotype in Alzheimer Patients
- p. 174 Elevated Plasma Endothelial Microparticles in Alzheimer's Disease
- p. 181 Physiological Fall Risk Factors in Cognitively Impaired Older People: A One-Year Prospective Study
- p. 190 Association between Neurotrophin-3 Polymorphisms and Executive Function in Japanese Patients with Amnesic Mild Cognitive Impairment and Mild Alzheimer Disease
- p. 198 Cognitive Decline One Year after Hospitalization in Older Adults without Dementia

- p. 206 Neuropsychiatric Symptoms and Executive Functioning in Patients with Mild Cognitive Impairment: Relationship to Caregiver Burden
- p. 216 Neuropsychological Patterns Underlying Anosognosia in People with Cognitive Impairment
- p. 224 Volumetric Analysis of the Pons, Cerebellum and Hippocampi in Patients with Alzheimer's Disease
- p. 256 Effect of White Matter Lesions on Brain Perfusion in Alzheimer's Disease

## Dementia & Geriatric Disorders

Vol 34 # 2, September 2012

Abstracts available online at

<http://content.karger.com/ProdukteDB/produkte.asp?Aktion=Ausgabe&Ausgabe=257367&ProduktNr=224226>

- p. 69 The Evaluation of Neutrophil-Lymphocyte Ratio in Alzheimer's Disease
- p. 75 Prospective Evaluation of Behavioral Scales in the Behavioral Variant of Frontotemporal Dementia
- p. 83 Applicability of the CANTAB-PAL Computerized Memory Test in Identifying Amnesic Mild Cognitive Impairment and Alzheimer's Disease
- p. 90 Catechol-O-Methyltransferase Genetic Variant Associated with the Risk of Alzheimer's Disease in a Brazilian Population
- p. 96 Neuropsychiatric Symptoms and Global Functional Impairment along the Alzheimer's Continuum
- p. 112 Clinical Features of Pittsburgh Compound-B-Negative Dementia
- p. 121 Elevated Plasma Homocysteine Level Is Not Primarily Related to Alzheimer's Disease
- p. 128 Greater Precision when Measuring Dementia Severity: Establishing Item Parameters for the Clinical Dementia Rating Scale
- p. 135 Longitudinal Changes in Primary Progressive Aphasia: Differences in Cognitive and Dementia Staging Measures

## Dementia & Geriatric Disorders

Vol 34 # 1, September 2012

Abstracts available online at

<http://content.karger.com/ProdukteDB/produkte.asp?Aktion=Ausgabe&Ausgabe=257305&ProduktNr=224226>

- p. 1 Neuropsychiatric Symptoms in Mild Dementia with Lewy Bodies and Alzheimer's Disease
- p. 7 The Quality of Life of People with Dementia and Their Family Carers
- p. 15 Mesial Temporal Astrocyte Tau Pathology in the MRC-CFAS Ageing Brain Cohort
- p. 25 Oral Glucose Loading Modulates Plasma  $\beta$ -Amyloid Level in Alzheimer's Disease Patients: Potential Diagnostic Method for Alzheimer's Disease
- p. 31 Cognitive Decline and Amyloid Accumulation in Patients with Mild Cognitive Impairment
- p. 38 Psychometric Properties of the Pain Assessment in Advanced Dementia Scale Compared to Self Assessment of Pain in Elderly Patients
- p. 44 Comparing Hippocampal Atrophy in Alzheimer's Dementia and Dementia with Lewy Bodies
- p. 51 Diagnostic Accuracy of Statistical Pattern Recognition of Electroencephalogram Registration in Evaluation of Cognitive Impairment and Dementia
- p. 61 Low Cerebrospinal Fluid Sulfatide Predicts Progression of White Matter Lesions – The LADIS Study

## Journal of Geriatric Psychiatry and Neurology

Vol 25 # 4, December 2012

Abstracts available online at <http://jgp.sagepub.com/content/current>

- p. 195 Predicting Functional Impairments in Cognitively Impaired Older Adults Using the Minnesota Cognitive Acuity Screen
- p. 201 The Frontal Assessment Battery in the Differential Diagnosis of Dementia
- p. 208 Cognitive Impairment in Parkinson Disease: Impact on Quality of Life, Disability, and Caregiver Burden
- p. 215 The Role of Working Memory and Information Processing Speed on Wisconsin Card Sorting Test Performance in Parkinson Disease Without Dementia
- p. 222 Caregiver Burden in Parkinson Disease With Dementia Compared to Alzheimer Disease in Korea
- p. 227 The Informant Questionnaire on Cognitive Decline in the Elderly Individuals in Screening Mild Cognitive Impairment With or Without Functional Impairment
- p. 233 Anxiety Disorders, Physical Illnesses, and Health Care Utilization in Older Male Veterans With Parkinson Disease and Comorbid Depression
- p. 240 Pain in People With Alzheimer Disease: Potential Applications for Psychophysical and Neurophysiological Research

## Journal of Geriatric Psychiatry and Neurology

Vol 25 # 3, September 2012

Abstracts available online at <http://jgp.sagepub.com/content/25/3.toc>

- p. 131 Components of Depression in Parkinson Disease
- p. 138 Physical Activity and Neuropsychiatric Symptoms of Parkinson Disease
- p. 146 Montreal Cognitive Assessment (MoCA): Validation study for Frontotemporal Dementia
- p. 155 Validation of the Hebrew Version of the MoCA Test as a Screening Instrument for the Early Detection of Mild Cognitive Impairment in Elderly Individuals
- p. 162 Symptom Profile of Postoperative Delirium in Patients With and Without Dementia
- p. 170 Co-occurrence of Anemia, Marginal Vitamin B<sub>6</sub>, and Folate Status and Depressive Symptoms in Older Adults
- p. 179 The Contribution of Heart Failure to Sleep Disturbances and Depressive Symptoms in Older Adults
